Subject: Receiving Tray Adapter	Issue #: 078

New part#: 019-00071-007 New description: GR Card Receiving Adapter Old part#: Old description:	Reason for Change ❑ Cost Effective ❑ Eliminate Claims ✓ Easier Operation ❑ Other	Manufacturing Cut-in Serial #: N/A	Applies to: All GR Models

✓ New ❑ Modified ❑ Obsoleted ❑ Other

Backround:

When printing small cards and envelopes it has sometimes been difficult to have them stack properly in the receiving tray.

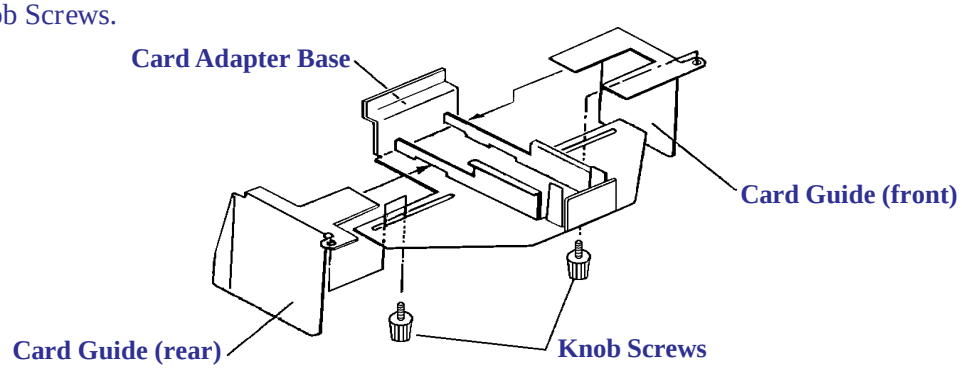
Solution:

To improve the stacking of small size stock, a new part has been developed. **Note:** Long envelopes will continue to use the Paper Stop built into the Precision Stacking Tray.

Installation:

Insert the base plates of the Card Guides into the Card Adapter Base and secure the Card Guides to the Card Adapter Base with two Knob Screws.

Note: This assembly is shown upside-down.



Hook the bottom edge of the Card Adapter Base to the front edge of the Precision Stacking Tray and insert the guide feet of the Card Adapter base into the slits on both sides of the Slide Rail A. Place the Card Stopper on the Card Adapter Base.
